To Whom It May Concern:

I am pleased to provide this letter of support for Dr. P. Herbert Caldwell as an effective keynote speaker and presenter. Dr. Caldwell consistently delivers high-quality, audience-centered presentations that are informative, engaging, and tailored to the unique needs of each conference or workshop audience.

On Friday, November 21, 2025, Dr. Caldwell served as the Keynote Speaker for Caregiver College in Huntsville, Alabama. The event's theme "Educate. Elevate. Empower." guided a full day of programming for more than 370 attendees, including family caregivers, professionals, and community members seeking information and support. The conference featured 18 sessions and 9 hands-on labs, and Dr. Caldwell delivered the keynote address, "**How Did We Get Here... and What Now?**"

Using *My Mama Joe, Hope and Help* as the foundation for discussion, Dr. Caldwell explored dementia's impact on families and highlighted practical strategies for mental health, risk reduction, and caregiver support. This session created an accessible, compassionate space for attendees to connect, reflect, and learn. In addition to the keynote, Dr. Caldwell also provided a Community Forum on the evening of Caregiver College, presenting *My Mama Joe, Hope and Help*.

One of Dr. Caldwell's greatest strengths is his ability to genuinely connect with audiences. He creates a welcoming environment where participants feel heard, respected, and empowered. Feedback consistently reflects that attendees leave his sessions feeling informed, supported, and motivated to apply what they have learned.

In addition to his exceptional presentation skills, Dr. Caldwell demonstrates outstanding professionalism and preparation. He is responsive, punctual, and easy to work with, contributing to smooth planning and coordination for conference organizers and event teams.

I recommend Dr. Herb Caldwell without reservation for keynote addresses, workshops, training events, and conference presentations. If you would like additional information, please feel free to contact me.
